Cost of Attendance (COA) Adjustment Request Form

Students receiving financial aid are assigned an estimated budget, often referred to as the Cost of Attendance (COA). The COA includes but is not limited to, tuition and fees, room and board, books and supplies, personal expenses, and transportation. If your estimated COA does not adequately reflect your educational expenses for the academic year you may submit this form to justify your additional expenses. COA increases can only be approved for the additional cost that exceeds the current budgeted amount within the COA. Please note an increase to your COA does not directly increase your financial aid but may provide an increase to your budget to allow for additional aid opportunities, such as increased loan borrowing.
