

NURSING HEALTH REQUIREMENTS FOR CLINICAL PARTICIPATION

Nursing students must submit a completed SUNY Delhi Health Form to Counseling & Health Services prior to **June 1**. *Failure to meet this deadline will result in de-registration from nursing courses.*

Form 1 – Health History

Requirements specific to nursing students on the Health History form include:

Part B – Immunizations. Refer to specific column on form for nursing requirements. Copies of all titers and immunization record need to be attached to the Health Form.

Part C – A physical is required.

Form 2 - Tuberculosis Screening

Nursing students are required to complete Part C of the Tuberculosis Screening form. Health care workers must follow specific guidelines as set forth by the *Center for Disease Control* (CDC). These are as follows:

PPD – A **two-step PPD** is required for all health care workers who have not had two consecutive years of annual tuberculosis screenings (PPD's) in the two previous years to the start of college.

- A two-step PPD is **defined as** having a PPD placed and read 48-72 hours later, followed by a second PPD placed in 1-3 weeks and read 48-72 hours later.
- Documentation of previous dates placed and read with results are required if submitting proof of two annual PPD's.

If previous positive PPD, you must submit a copy of negative chest x-ray and record of antibiotic therapy if taken.

Influenza Vaccine

Required for freshman students; given in October and available at SUNY Delhi Health Services.

CPR

CPR for the **Professional Rescuer/Healthcare Provider** must be completed **prior to arrival** on campus for submission to Nursing faculty (front and back copy of your CPR card). **Bring this card with you to campus....DO NOT submit to Health Services or the Nursing Department!**

Release of Information Form

Complete and submit. Available under “forms” on Health Services web page.
