SKI AND SNOWBOARD INSTRUCTORS (G436)

Plattekill Mountain, Roxbury, NY

Ski and snowboard instructors needed! SKI FREE & EARN \$ THIS WINTER! Candidates must be able to ski/snowboard and be willing to teach all age levels. Need to be kind, dedicated, punctual, and ready to work in teams. Salary depends on position and prior experiences. Contact Danielle Vajtay. Phone: 607-326-3500. Email: info@plattekill.com Website: www.plattekill.com

ETL ANALYST & REPORTING ANALYST (G446)

NYC Department of Finance, NY

The NYC Department of Finance's Information and Technology Division seeks hard working, talented individuals who are driven to succeed. They will be working with NYC Tax forms primarily as well as NYS and IRS returns. The ideal candidate should also be willing to learn new technologies. Some of these technologies include DataStage, Business Objects and Web Intelligence. The person will be working in a dynamic environment, must be self-motivated and require minimal supervision. **ETL Analyst:** The Extract, Transform and Load (ETL) Developer's responsibility is to ensure that the goals of the business with regards to data management are met. The developer would be responsible for designing and implementing plans for data movement or modification as requested. The candidate should have basic knowledge of relational databases and SQL. The ETL developer will also perform data analysis, gain understanding of each step in the ETL process and will write ETL programs using IBM Data Stage. For more information or to apply, access the NYC Department of Finance website, under Career Opportunities and review the "Senior Data Analyst" job posting. **Reporting Analyst:** Business Objects is used to develop Ad Hoc reports for upper management. These reports are used to make key decisions for the Tax Auditing business. It is also used to mine data to perform queries. The current datamart supports reporting for more than 200 auditors. The candidate will be part of a team working on the NYC Revenue Enhancement System (RES) project using state of the art technology. RES provides the data warehouse and datamarts which are used by various Audit, Enforcement and Collection systems. The RES system applies business intelligence technologies to the collection of new and existing debt. For more information or to apply, access the NYC Department of Finance website, under Career Opportunities and review the "Senior Reporting Analyst" job posting. **Preferred Requirement Skill Set:** 4+ years of work experience, 2+ years of Data Stage (ETL) or Business Objects Reporting, background experience in software development – Java and Visual Basic preferred. Database experience – SQL/Oracle/DB2, MBA / Masters in Computer Science a plus. For further information on either of these positions, you can also contact Frank Sabatini at [Sabatinif@finance.nyc.gov](mailto:SabatiniF@finance.nyc.gov) or Andrew Sonner at Sonnera@finance.nyc.gov.

INTERNSHIPS IN THE OFFICE OF SENATOR GILLIBRAND (G448)

New York

Senator Gillibrand's Senate internship program provides an excellent opportunity for students to learn and serve through first-hand participation in government service, and the legislative process. The program is intended to provide participants with the tools, skills, and experience that they can readily apply to future challenges and professional pursuits. A great deal is expected from interns. Candidates will have a diverse, challenging experience and make a genuine contribution to Senator Gillibrand's work on behalf of New York and the nation. Candidates are often students and recent graduates of all levels, from high-school, to undergraduates, graduate school and law school. All applicants welcome who have demonstrated academic excellence and have displayed a commitment to public service. While preference is given to New York residents, students from all backgrounds are encouraged to apply. **THE APPLICATION PROCESS:** Complete all sections of the application thoroughly. Although providing the information requested is voluntary, failure to provide complete answers may affect the review and consideration of your application. Your application must include all of the following in order to be considered:

- **Internship Application Form**
- **Current Resume**
- **One page cover letter** describing why you want to be an intern in the Office of Senator Gillibrand and what you would bring to the office
- **Writing sample** (No strict requirements, other than that it should show your ability to communicate and concisely express ideas in 2-4 pages.)
- **Two References:** please include name, title, email address, and telephone number
- A **transcript** may be requested. Unofficial transcripts are OK.

The application and requested materials should be submitted together. Given the volume of incoming applications, materials received will not be returned. Failure to meet any of the above-mentioned requirements may delay, or even prevent, the review of application. Positions are open throughout the year for recent graduates, with applicants admitted on a rolling basis. Current students may apply for course credit and assume part-time schedules during the academic year. The application can be found on Senator Gillibrand's website at <http://gillibrand.senate.gov/services/internships/>. Applicants should direct all inquiries and send applications to Gillibrand_InternshipsNYC@gillibrand.senate.gov. A few positions are currently available for the Fall 2011 term; Spring applicants are encouraged to apply by November 15th if they wish to be assigned to specific areas of interest.

SPRING AND SUMMER 2012 UNDERGRADUATE INTERNSHIP OPPORTUNITIES (G449)

American Civil Liberties Union Foundation, Lesbian Gay Bisexual Transgender & AIDS Project, NY

NOTICE TO UNDERGRADUATE STUDENTS: The American Civil Liberties Union Foundation (ACLU), founded in 1920 is a nationwide, nonprofit, nonpartisan organization with more than 500,000 members dedicated to the principles of liberty and equality embodied in the U.S. Constitution. The Lesbian, Gay, Bisexual, Transgender and AIDS Project of the ACLU's National Office in New York City seeks undergraduate interns for the Spring and Summer of 2012. **OVERVIEW:** Founded in 1986, the Lesbian, Gay, Bisexual, Transgender and AIDS Project (LGBT) & AIDS Project is a special division of the national office of the ACLU. The goal of the LGBT and AIDS Project is the creation of a society in which lesbian, gay, bisexual, and transgender people and people with HIV enjoy the basic rights of equality, privacy and personal autonomy, and freedom of belief, expression and association. This means an America where there's the ability to live open and honest lives without fear of discrimination or abuse, where there's respect for our identities, relationships and families, and where there's fair treatment in employment, schools, health care, housing and public places and programs. The Project brings "impact" lawsuits in state and federal courts throughout the country – cases designed to have a significant effect on the lives of LGBT people and those with HIV/AIDS. The Project's legal strategies are built on the idea that fighting for civil rights means not only persuading judges but also ultimately changing the way people think. As we litigate for change, we implement targeted media, online and outreach campaigns to change public attitudes through education and to give people on the frontlines the tools they need to act. As a part of the ACLU, the Project is in a unique position to work for equality. The ACLU's national network of affiliates broadens the Project's reach into every locality and into the federal government. Today, the ACLU brings more LGBT cases and advocacy initiatives than any other national civil rights organization. The Project strives to ensure that the racial and economic diversity of the LGBT community is reflected in its work and continues to explore ways to make its efforts more sensitive to the needs of people of color and people who are economically disadvantaged. The Project's work as part of the broad civil liberties agenda of the ACLU exemplifies the notion that the LGBT community and the community of those living with HIV/AIDS must work in concert with other social change movements in order to achieve a just society for all. **INTERNSHIP OVERVIEW:** Spring 2012 Undergraduate Internship requires a 12 to 16 week commitment. The internship is part-time, with weekly hours negotiable. The number of interns accepted varies. Interns are highly encouraged to obtain funding from outside sources, as the internship is unpaid. Arrangements can be made for work/study or course credit. Summer 2012 Undergraduate Internship requires an 8 to 12 week commitment. The internship is full-time, with weekly hours negotiable. The number of interns accepted varies. Interns are highly encouraged to obtain funding from outside sources, as the internship is unpaid. Arrangements can be made for work/study or course credit. **ROLES AND RESPONSIBILITIES** The undergraduate internship program is designed to provide interns with the opportunity to learn about public interest work. Interns will be under the direct supervision of the Project's paralegals and will have the opportunity to learn and interact with other staff members of the LGBT and AIDS Project on a range of significant issues and

projects. Interns will gain experience by working on the following: responding to legal intakes and tracking requests for assistance; assisting in the maintenance of case files and compiling of press files; conducting general, legal and policy research relating to current and prospective cases; supporting the Project in outreach to potential clients. DESIRED EXPERIENCE AND QUALIFICATIONS: Excellent research, writing and communication skills; initiative to see projects through to completion; proficiency in Microsoft Office Suite, including internet research; strong interest and familiarity with lesbian, gay, bisexual, and transgender civil rights and liberties, the civil rights and liberties of those living with HIV/AIDS; strong interest and commitment to civil rights and civil liberties issues. HOW TO APPLY: Applicants should send a letter of interest, a resume, an official or unofficial transcript, and a writing sample, to hrjobs@aclu.org reference [LGBT Spring 2012 Undergraduate Internship or LGBT Summer 2012 Undergraduate Internship] in subject line – or send by mail to: Undergraduate Intern Program, American Civil Liberties Union, RE: LGBT Undergraduate Internship, 125 Broad Street, 18th Floor, New York, New York 10004. Please indicate in your cover letter(s) where you learned of this internship opportunity. Students are encouraged to submit applications as early as possible, as decisions are made on a rolling basis. The application deadlines: Applications for the Spring 2012 Undergraduate Internship by December 1, 2011. Applications for the Summer 2012 Undergraduate Internship by April 1, 2012. The ACLU is an equal opportunity/affirmative action employer and encourages applications from all qualified individuals including women, people of color, persons with disabilities, and lesbian, gay, bisexual, and transgender individuals. The ACLU comprises two separate corporate entities, the American Civil Liberties Union and the ACLU Foundation. Both the American Civil Liberties Union and the ACLU Foundation are national organizations with the same overall mission, and share office space and employees. The ACLU has two separate corporate entities in order to do a broad range of work to protect civil liberties. This job posting refers collectively to the two organizations under the name “ACLU.”

VETERINARY TECHNICIAN (V414)

Alpha Genesis Inc., Yemassee, SC

Technical position, requiring either AALAS certification with one year of experience, or 2 years' experience in clinical care of animals; one of which should be with non-human primates. Veterinary technicians have the experience to do daily observations of animals and perform clinical treatments according to established protocols with minimum supervision. Must be able to perform the following tasks with minimum supervision: daily observations of non-human primates without supervision and work with research behavioral staff when formulating new non-human primate groups. Determine and perform medical treatments of non-human primates according to established treatment protocols and standard operating procedures, with minimum supervision. Administer and interpret diagnostic tests of non-human primates. Assist with surgical procedures, draw blood, tattoo, take vitals and perform minor surgical techniques without supervision. Assist in the preparation of animals being shipped. Clean up treatment rooms, requisition basic medical supplies, and perform basic in-house laboratory tests. Consult with appropriate managers to initiate movement of animals, input animal demographics into the company's computer programs, produce weekly reports of activities, and maintain complete and accurate animal observation and medical treatment records. Must be available to work weekends and holidays when needed. Be team oriented, and willing to work across institutional divisions in a professional and courteous manner and other duties as assigned

KNOWLEDGE, SKILLS, AND ABILITIES: Experience in clinical research, veterinary assistance, clinical treatments or the equivalent. Good reading, writing, math, and verbal skills. Basic computer skills and use of Microsoft Office programs. Ability to work unsupervised as well as in a team environment. Must have a high school diploma or general education degree. College degree preferred. AALAS certification at least at the lowest level or equivalent experience is desired.

LANGUAGE SKILLS: Ability to read and interpret documents, including treatment protocols and standard operating procedures, and other instructions. Ability to communicate in writing to all levels of employees, including division managers. Must be able to make decisions relative to animal clinical care and must know when to contact the Staff Veterinarian. Must have sufficient skills and abilities to know when there are problems within primate groups and be able to work with appropriate personnel to stabilize groups. The individual must be able to deal with a wide diversity of problems, to propose resolutions and to implement approved resolutions.

PHYSICAL DEMANDS: The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job, with or without reasonable accommodations. While performing the duties of this job, the employee is regularly required to stand, walk, lift, and reach. The employee is occasionally required to climb or balance and stoop, kneel, crouch, or crawl. The employee may be required to lift and/or move up to 50 pounds. Specific vision abilities required by this job include close vision, distance vision, peripheral vision, depth perception and ability to adjust focus. Additionally, the employee must be able to distinguish colors. Abilities required: lift and carry up to 50 pounds repeatedly; capture a monkey up to 30 pounds with a 7 pound net within a large area; perform basic addition, subtraction, multiplication and division calculation; perform functions in extreme weather conditions; multi-task; walk up and down stairs repeatedly, with or without carrying additional weight up to 20 pounds; work at least one weekend day and all holidays; have good vision or corrective eyewear. The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job, with or without reasonable accommodations. While performing the duties of this job, the employee is regularly exposed to wet and/or inclement weather, including cold, heat with high humidity, and precipitation. The noise level is usually moderate. To apply contact Human Resources at Alpha Genesis Inc. 843-589-5190. Dawn M. Gau, DVM. Attending Veterinarian, Alpha Genesis, Inc., P.O. Box 557, Yemassee, SC 29945.

PRECEPTORSHIPS (V376)

Animal Hospital of Pittsford/Veterinary Specialists and Emergency Service, Rochester, NY

Offering challenging and exciting preceptorship for Veterinary Technology students with an opportunity for professional growth. Our preceptorships provide an outstanding opportunity to gain exposure to complex referral cases, emergency and critical care medicine. Veterinary Specialists and Emergency Service (VSES) is a 14,000 square foot state of the art facility that houses both a multi-specialty and a 24 hour emergency/critical care hospital. Provide the latest technology for diagnostics and therapy, full range of orthopedic, soft tissue, neurologic and ophthalmic surgery performed daily. Facility equipped with CR imaging, MRI imaging, and as well as other advanced diagnostic modalities. Also have an in-house, full-service laboratory. Specialty services include Critical Care, Internal Medicine, Oncology, Ophthalmology, Radiology, and Surgery. A cardiologist, dermatologist, and neurologist work on a consultation basis. Emergency/critical care service is staffed by one ABVP boarded and four internship-trained attending DVM's with extensive experience in urgent critical care. Licensed technical staff includes 40 LVT's and 20 Animal Care Assistants. Preceptors would have the opportunity to work with each department, depending on the requirements for completion of their school's program and would have an experienced LVT to act as a mentor and oversee scheduling/assignments. General practice preceptorships are also available. The Animal Hospital of Pittsford, the flagship of Monroe Veterinary Associates, occupies a 14,000 square foot facility. There are fourteen other general practices in our group, ranging in size from one to five doctors where preceptorships are also available. Preceptorships can be arranged for 1 - 3 week time periods, in conjunction with school requirements. Contact Karen Sullivan, mvasves@gmail.com, mvasullivan@yahoo.com, Telephone: (585)-271-2733 x 25
