

You are receiving a paper copy of this information because for the 2016-2017 academic year you are currently in a room by yourself, you completed your online housing contract late, or did not participate in priority room selection at the end of April. You have been assigned a time slot for the second phase of housing selection for the 2016-2017 Academic Year.

Please follow all of these instructions – and the online instructions – very carefully.

If you completed a contract but do not select a room the Office of Residence Life will assign you to a room.

If you have questions, please see your Residence Hall Director or contact the Office of Residence Life.

Timeline for Housing Selection

**You should log on to the Student Housing Management System
(www.delhi.edu/studentHMS)
prior to Thursday, May 12th at 8:00am to learn your exact start time.**

Your exact start time is determined by the number of credits that you have completed at the end of the fall 2015 semester and if you are currently in a space by yourself. *Those who are currently in a room by themselves and those with more credits have an earlier start time.*

Beginning Monday, May 12th	Double Rooms (DuBois, Gerry, Murphy, O'Connor & Russell Halls) <i>Since priority room selection has already taken place. Space will be limited!</i>

Why Knowing your Roommate's Selection Time is Important

Odds are that if you have potential roommate(s) lined up; each of you will have different selection times. To give yourself the greatest number of room options, you should compare selection times and have the person with the earliest time select the room. Remember: you will only automatically pull in roommates to your housing assignment if you have each requested each other as roommates on the contract BEFORE you choose your room. Also, if you choose a room and then decide to move to a different assignment, you will NOT bring your roommates along with you; they must move themselves if they are to join you in the new assignment.

For example:

Kristin and Lyana requested each other as roommates on their contracts. Kristin has earned 45 credit hours and Lyana has earned only 35 credit hours. Kristin will have the earlier selection time, so she can log in and pick a room before Lyana can. Logging in earlier gives you more options to pick from, so Kristin will log in, pick a room, and automatically bring Lyana in as her roommate.

Not Selecting a Room with a Roommate

Those choosing a room on your own are only able to place yourselves in a double or single room. Please note that any student that is in a room alone (other than in a single room) may be administratively moved by the Office of Residence Life to a different room at any point. We suggest that students find roommates in advance, or place themselves in a room that already has one person in the room.

If you are interested in living in a triple room and have a group of three people please contact the Office of Residence Life

Checking your Selection Time and Selecting your Room

1. Go to <http://www.Delhi.edu/ResLife>
2. Click on the button on the right hand side of the page that says "Student Housing Management Access". This is where you went to complete your contract.
3. Log into the system. Instructions on how to login are in a red box at the top of the screen.
4. You are now on the "Home Page." Look under 2016-2017 Academic Year for Information.
