Open Discussion

• Relay for Life- do we want to have one big Greek team or continue to have individual teams? Talk to your organization, so far the consensus is that we would love to be one big happy family 😊
• DOE Bowl-a-thon suggestions:
  o Have one every semester
  o Louder music
  o Everyone had a lot of fun
  o Know who is on what lane before we get to the bowling alley next time
  o Maybe try the bowling alley in Walton or Stanford so that we can have the strobe lights, or do it in Oneonta on a Saturday
• Pledging- Why is everyone dropping? Grades, personal issues, time commitment issues, its not for everyone, don’t like their pledge brothers/sisters, parents, RUSH meetings weren’t able to be held early enough, freshman don’t really know what is going on
• Think about your “traditions”, are they traditions that serve a specific purpose to your organization or is it just something that you have always done. If it doesn’t serve a purpose then chances are that it is not really a tradition
