Open Discussion
LAU came to Greek Council with a presentation and answered some questions, bring information back to your organization and come back with a vote on 2/18/2010 for recognition.

Some questions that were asked included:
Q: Did you look into any of the organizations on campus before deciding to form an interest group of LAU
A: Yes, all of them did look into other organizations, did not want to name specific organizations, and didn’t feel that any of them were their fit or their family

Q: Why wait so long after LAU died out to try and re-start it?
A: There has been interest in the past, but there was never a good fit and there wasn’t a good response, not enough commitment

Q: What will the pledge process be like for this line?
A: It would be a re-establishing line therefore it would be leadership workshops, they will be trained on how to be leaders, how to program effectively, how to run a chapter, how to run meetings, etc.

Q: What can you offer that we don’t already have?
A: We want to bring the Delhi community and the Delhi campus together, some programming ideas are having a movie night for the children at the daycare, putting on puppet shows for the children, fixing equipment at DC4, roller blading night in the bubble, once Farrell is open form a new dance group, cooking different cultural food for the senior citizens at the countryside care center

Q: How are you student leaders?
A: Full time boxing trainer, members of SPB, Escoffier club, Haiti relief committee, Resident Assistant, Fitness center employees, CADI employees, Swimming & Diving Team, Lacrosse Team, Tutors, Move-in crew, Community service day, 183 hours of community service collectively, Raised $250 for fundraisers, average GPA of 2.89
