BASIC asked for an additional allocation due to the unavailability of campus vans and cars. They now have to rent a van that will take almost 1/3rd of their budget.

This led to a discussion by other clubs concerning transportation problems. The Fine Arts Senator reported that his club was unable to take a trip to New York City due to a lack of van availability. Several Senators and Executive Board members commented about the current transportation fee students pay, and asked why there are not sufficient vans to allow clubs to travel when requested. Both the Student Senate President and advisor agreed to look into this situation further and report back to the Senate.
Bronco’s Fynest asked if they could use their budget to purchase costumes online. They were informed that it would be ok as long as their advisor followed Senate procedures.

A motion was made to adjourn the Senate meeting at 6 pm, and was seconded by AGC and ADDA.
