Open Discussion

Delhi Computer Club shared their concern with Senate in regards to work order request and green sheets that have been submitted. Twice this semester they have asked for service from facilities in order to assist with their LanFest. They requested the use of additional power supplies in both the Farrell Commons and Catskill Great Room so they don’t trip the power breakers. However, the power supply in the Commons was not connected during the first LanFest, and at the second LanFest, the power supply was not even in the building. The Club expressed their thanks to the Office of Student Activities for working with Facilities to resolve this problem so that LanFest could continue.

The OCCE commends all clubs and Greek organizations for all the fundraising they have done this semester. OCCE Coordinator Elizabeth Sova reminded all groups to think about their philanthropies and to let OCCE know if they are ready to send their donations out of the exchange account before the end of the year. Funds will be held over break only if you are going to be continuing to fundraise in the spring.

The meeting was adjourned at 5:44 pm by BIG and seconded by CAC.
