**New Business**

The members of the Club Managers Association of America are requesting an additional $200 budget allocation for the 2011 spring semester. CMAA is very active in progressing national recognition within their organization and is committed to pursuing educational opportunities for the SUNY Delhi students. Currently the organization has been invited to the annual metropolitan Vendor Show on March 22nd. We are also planning to attend the National Student Conference that will be held in Chicago next October. As an organization, CMAA has been involved in promoting and hosting the 21 and over socials that are being held on campus. By doing so, we would like to use the additional allocation to make sure that the events can continue to grow, and to help subsidize parts of the trip to the Vendor Show. CMAA has also participated in fundraising for the Ricky J. Parisian Foundation by hosting a Dinner Dance in Oneonta, and has also sold Yankee Candles. The money raises from these two fundraisers have directly gone back into the club to pay for some of the overhead cost of the Dinner Dance and partially paying for the membership dues.

The student chapter of NYSAVT was denied vans for transportation to the Spring Seminar at the Java Center, New York on April 15, 2011 – April 18, 2011, because no vans were available. Due to this major set back the club must rent vans to transport students to this important seminar. NYSAVT will be using their total available budget for registration and meals for this seminar and have no additional funding at this time. NYSAVT would like to request an additional allocation from the transportation fund for the following expenses: $960 for four vans for four days and $880 for gas. The grand total equals $1,840. Without this extra allocation NYSAVT will be unable to attend this important event.
