**Treasurer**

Treasurer Kevorn Willet announced the remaining clubs that did not yet pick up their treasurers packets. He asked that their treasurers make an appointment to see him within the next week to pick up the packets as well as go over the included information. His email address is KW7.

The Treasurer announced his appointments to the Finance Committee and stated that a meeting time will be determined in the future.

He reminded all clubs that they must turn in their receipts and signed purchase orders as soon as possible to Naomi. It is important that any business, especially local, that extend credit towards our student organizations be paid in a prompt and timely manner to maintain good credit.

The Treasurer reminded the senators that in order to use the Student Senate VISA card, a purchase order must first be turned into Naomi along with the necessary documentation. Once that is done, the card may be signed out to an advisor. Under no circumstances will the VISA card be signed out to a student.

**Vice President**

Vice President Marissa Kubinyak reminded the Senators that any club that misses three meetings will be placed on inactive status. Thus far, LASO is the only club to have missed three meetings and, are therefore, considered inactive. If you are a member of this club, please contact the Vice President so that she may assist you in reactivating your club.

The appointments for the Food Service Committee will be announced next week.

The Vice President reminded everyone about Family Day this weekend. There are over 1,200 students and their families registered for this great event that is promising to be fun for all.

The Vice President also noted that if there are any senators missing a folder or name plate to contact her at MK8, stating what club you are representing and what items you are in need of.

**President**

President David Vazquez thanked all of the clubs for their participation in last week’s Activity Fair. It was a great success, and evident that many clubs put a great deal of work
into their displays. Many faculty and staff commented on how enjoyable the event was, and how nice it was to see so many students involved and engaged. Faculty and staff voting determined the winners of the most creative display. In first place, with $300 added to their budget, was PGM Club. In 2nd place, with $200, was a tie between NYSAVT and CAC. In third place, with $100, was Cheerleading. Congratulations to all of the winners and thank you to everyone who participated.

The President is also happy to report that no clubs were fined for non-participation.

The President reminded all students about the Golden Dragon Chinese Acrobats performance on Sunday at 2 pm. All SUNY Delhi students will be admitted free of charge with proof of student status.

The President announced that we will be hosting a group of kids and their families from Margaretville at the Acrobats show on Sunday. We are trying to give them a break from the stress of the floods that they are dealing with at home. If you are interested in helping out, contact DV2.

The Constitutional Review Committee was chosen.

The President will be taking nominations for those interested in attending the Fall Conference on October 28-30th.

Lastly, the President wanted to remind the students that we all need to be aware of our behavior off campus as well. Bad behavior can impact the individuals, as well as the town’s overall perception of the College. Remember that many people in Delhi are elderly or families with young children, and we must be respectful of their town. The College’s Office of Judicial Affairs will hold students accountable for their behavior both on and off campus.

Open Discussion

Delhi’s college radio station, WDTU, is now up and running on 107.5 FM.

NYSAVT brought up the concept of banning smoking from campus completely, on the grounds that there are currently 23 CUNY schools with this rule. A discussion occurred between senators as to the pros and cons of this idea. RHA mentioned that it had been brought up, and was hoping to be done gradually over the next six years. The Campus Voice suggested implementing a smoking cessation program to assist students and staff with quitting.

Also, students have noticed that the smoking policy is becoming more lax and questioned who should be enforcing it. The response was that any student that sees another student smoking should take the responsibility to mention something and point out an area in which that student can smoke.

Adjournment

A motion to adjourn the meeting was made at 6 pm by Patissier Club and was seconded by NAHB. All were in favor with no one opposing or abstaining.
