

May 24, 2018

Dear Student:

I regret to inform you that, due to your low cumulative Grade Point Average (GPA), you are being placed on academic probation. You will remain on probation and will be subject to dismissal until your cumulative GPA reaches or exceeds 2.00.

Academic Probation status is serious. You must raise your cumulative GPA to 2.00 to return to good standing and to receive your degree. Due to your low cumulative GPA you may no longer be eligible for Federal and State Financial Aid. You will be notified by the Student Financial Services Office of any change in your eligibility status. You may also check your financial aid status on Bronco Web. Please be sure to check your financial aid status prior to returning to college and contact the Student Financial Services Office with any questions.

**If you have not registered for spring classes, we cannot guarantee that you will be able to schedule classes for the fall 2018 semester. Please call your advisor or school office to discuss scheduling immediately. (See phone numbers on other side.)**

All students on academic probation are required to complete and sign a contract with the College that spells out the expectations for the next semester as outlined in academic policy 1.384-1, printed on the back of this letter. **Failure to meet the requirements of your contract may result in dismissal from the College.**

***FAILURE TO COMPLETE YOUR ACADEMIC PROBATION CONTRACT WILL NOT BE CONSIDERED AN EXCUSE FOR MISSING CLASSES, WHICH BEGIN MONDAY, August 27, 2018.***

The College is committed to helping you improve your academic performance so that you can return to good status and make progress toward your degree. However, meeting the conditions noted on your contract will be solely your responsibility. Please understand that *due to your probation status, you may be required to spend at least an extra semester at Delhi, or take necessary courses during summer school to complete your degree requirements.*

We will provide you with the services and activities to help you achieve academic success. In return, you must commit yourself to participate in these activities and to work diligently. It is my sincere hope that you will be successful next semester.

Sincerely,
