

Dear Delhi Student,

September 2012

As you know, SUNY Delhi is part of the State University of New York (SUNY), a 64-campus university system governed by the SUNY Board of Trustees. The Board of Trustees requires that all SUNY schools incorporate General Education (Gen Ed) requirements **into associate in arts (A.A.), associate in science (A.S.) and baccalaureate (B.B.A., B.S., and B.T.) degree programs**. All entering freshmen who plan to earn one or more of these degrees from SUNY Delhi must meet these requirements.

Students must take courses as indicated in the following ten areas:

Four <b>required</b> areas:	Basic Communication (GE 10)	Mathematics (GE 1)
	American History (GE 4)	Natural Sciences (GE 2)
At least <b>one</b> of these areas:	Social Sciences (GE 3)	Western Civilization (GE5)
At least <b>one</b> of these areas:	Humanities (GE7)	The Arts (GE 8)
At least <b>one</b> of these areas:	Foreign Language (GE9)	Other World Civilizations (GE 6)

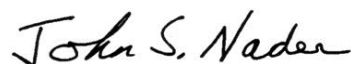

Associate-level degrees require at least **21** general education credits. Bachelor-level degrees require **30**. Please remember that in addition to meeting these SUNY Gen Ed requirements, you must also meet SUNY Delhi degree requirements in order to graduate.

If your ultimate educational goal is a Certificate, an Associate in Applied Science (A.A.S.) or an Associate in Occupational Studies (A.O.S.), then the Gen Ed requirements **do not** apply to you. However, if you plan to transfer to a four year SUNY school, or stay at Delhi for an A.S. or A.A. degree or one of our baccalaureate programs, you may be required to meet these requirements before graduating.

(Students seeking a B.B.A. in Veterinary Technology Management only need to meet **six specific** Gen Ed categories. Students seeking a B.T. in Architectural Design and Building only need to meet requirements in **eight specific** Gen Ed categories. Students seeking a B.S.N. only need to meet requirements in **seven specific** Gen Ed categories. If you are enrolled in one of these programs, see your advisor to find out which specific Gen Ed categories you need for your degree.)

It is very important that you meet with your academic advisor early in the semester, and on a regular basis throughout the year, to plan the courses you will need to complete your degree. Your academic advisor has a list of the courses that you can take to meet the Gen Ed requirements. Those of you who are continuing your education have already begun the process of taking courses to meet both Gen Ed and SUNY Delhi requirements. **Please remember that while your advisor will be very helpful in guiding you through your curriculum, it is ultimately your responsibility to make sure that you meet the requirements for graduation.**

If you are not sure who your academic advisor is, or if you are not sure in what degree program you are enrolled, or if you have **any** questions about your academic life at SUNY Delhi, please call or visit one of the division offices listed on the following pages.

  
Provost

## **APPLIED SCIENCES AND BUILDING TECHNOLOGIES**

### **APPLIED SCIENCES**
