<div align="center">**IMPORTANT SUMMER FINANCIAL AID FACTS**</div>

Summer financial aid is processed separately from your fall and spring financial aid.
You must request summer financial aid to be offered a summer aid package.
If you are a current SUNY Delhi student, planning to take 6 or more credits this summer, you <u>may</u> be eligible for financial aid.

A 2014-2015 FAFSA is required for summer aid.
We MUST receive your completed, valid 2014/2015 FAFSA no later than **May 1, 2014.**

A Summer 2014 Financial Aid Application is required for summer aid
Students who do not submit an application will not receive summer aid

Summer aid is NOT available until after the summer term begins
Make sure you have money for books and living expenses.
Tuition is due **the first day** of class, so you may also need money to pay your tuition bill, if your financial aid is not completely processed by that date.

Summer aid is contingent upon spring academic grades.
Any student who does not meet the SUNY Delhi Satisfactory Academic Pursuit and Progress standards in the spring term will HAVE ALL SUMMER FINANCIAL AID CANCELED.

You may submit ONE request for summer aid.
Workload and funding *limitations make it impossible for Financial Aid to revise summer awards.* You will be expected to finance your summer program with the funds initially provided.

How it works:
Pell Grants:
Any Pell Grant funds that are used in the summer term will be deducted from your spring semester Pell Grant.
You are not required to use your Pell Grant in the summer, but you must let us know if you do not want to use Pell in the summer.
Student Loans
You must be registered for at least 6 credits to be eligible for student loans in the summer.
 Eligible students must request a summer loan, including the amount, before we will process one.

 Any student loans that are used in the summer semester will be deducted from your fall and spring loan amounts.

 If you drop below 6 credits, your aid could be affected.
