

Veterinary Science Technology

Greetings,

During the Spring 2016 semester (January 25th – May 20th) the Veterinary Science Technology Program at SUNY – Delhi will be offering the Introduction to Veterinary Technology (VETS 120) course online. This course, which will be taught by Ms. Jeanette Reinhardt, L.V.T., M.A., would be ideal for senior high school students who are interested in attending the veterinary technology program at SUNY Delhi. By completing this course online, students will complete one of the requirements for their A.A.S. degree and if they choose to enter the program at Delhi they will enter with invaluable knowledge. This course may also be accepted for transfer into other Veterinary Technology programs in New York State.

Introduction to Veterinary Technology is a 2 credit hour course. The total cost for high school students is \$106.70 (\$50 per credit hour plus fees), and the cost of the textbooks. The total cost for non-high school students is calculated at the standard tuition rate plus fees (see http://www.delhi.edu/prospective_students/continuing_education/). The books that will be used in this class may also be used in subsequent courses by other instructors in the Veterinary Science Program and they are available in either “paper” or “e-book” form:

Clinical Veterinary Language: Colville: ISBN# 978-0-323-09602-7

Clinical Textbook for Veterinary Technicians 8th Edition: McCurcin's: ISBN#978-1-4377-2680-0

Clinical Textbook for Veterinary Technicians workbook

High school students do NOT apply online (you will be charged the full tuition rate). To register for the course, complete and return the attached registration form to Barbara Scherer, Career and Business Development, at 607-746-4545, schereba@delhi.edu or fax (607) 746-4547. The registration deadline is Friday, January 22, 2016. If you have students that are interested in taking this course they can contact either Dr. Bret Meckel or Ms. Reinhardt for more information.

Non high school students should complete the Application for Non-Matriculated Registration found at http://www.delhi.edu/prospective_students/continuing_education/register.php

Students with a disability must register with our Access & Equity Services office at the beginning of the semester. This will begin the process for the coordinator to determine what accommodations can be provided. http://www.delhi.edu/academics/learning_center/disabilities_services/index.php

This is an excellent opportunity and for self-motivated, hard-working students to begin their college career a little early. Please let us know if you need any help with this information.

Sincerely,

Dr. Bret Meckel
